

YOUR GAP YEAR WITH ROCHE

Roche Diagnostics is a division of Roche. We develop and integrate diagnostic solutions that address the challenges of today and anticipate the needs of tomorrow. In more than 100 countries, we offer the industry's most comprehensive in vitro diagnostics solutions, covering molecular diagnostics, clinical chemistry and immunoassays, tissue diagnostics, point of care testing, patient self-testing, next-generation sequencing, and laboratory automation and IT, and decision support solutions. An important part of our success in transforming patient's lives sits with our Global Operations function. Our **Diagnostic Direct Procurement (DOP)** department plays a central role in making sure we can achieve that. Therefore, we are responsible for strategic supplier management and strategic procurement activities for finished goods and raw materials. Our vision is to be procurement entrepreneurs, with an ability to design and orchestrate an innovative, agile and sustainable supplier network. We are a global organization with colleagues based in Germany, Switzerland, the US, China and South Africa.

As part of the gap year program of the University of Mannheim, we are offering one year of learning in different teams at our locations in [Mannheim](#) and [Rotkreuz](#) by [autumn 2024](#)

Intern - One year with Roche

Become part of the Direct Procurement Department and join 3 different teams:

- Category Biologicals & Chemicals
- Sustainability & Risk
- Strategy & Change

If you choose to do an entire gap year program at Roche, you will have the opportunity to get to know 3 teams of your choice and see so many different perspectives of the organisation.

Tasks:

- See separate descriptions of the individual team job postings

Team:

- You will be part of an international team with diverse backgrounds and skill sets
- We work closely together with all DOP teams across various sites and functions
- Join global initiatives
- Collaboration is key

Required Profile:

- You have very good communications skills, an independent and structured way of working, a passion for design and see yourself as a team player
- You are willing to step out of your comfort zone but are also not shy to ask for help
- You are secure in GSpace, especially in Word, GSheets, and GSlides, and are familiar with Google applications
- You are proficient in English and not afraid of talking to international colleagues in person, via phone, video conference or email. German is appreciated but not required

Application Details:

If you are interested in applying for the internship during the gap year, please follow the information on our website: <https://www.bwl.uni-mannheim.de/gap-year/>
