

## YOUR GAP YEAR WITH VIANTA

Vianta is a fast-growing technology company building a cloud-based, AI-enabled Product Lifecycle Profitability solution deeply integrated with SAP. Our software helps global manufacturing companies better understand, simulate, and optimize product costs across the entire product lifecycle. We work closely with SAP technologies such as SAP BTP and SAP S/4HANA, and modern cloud development frameworks

As part of the gap year program at the University of Mannheim, we are offering the following position to be filled at our location in **Heidelberg** by **autumn 2026**:

### Intern in Product & Technology

#### Tasks:

- Support the product and engineering teams in the development of a cloud-based enterprise software solution
- Assist with requirements analysis, testing, and documentation of product features
- Contribute to data analysis, cost modeling concepts, and business process understanding
- Collaborate with developers and consultants working on SAP-based solutions
- Take ownership of small tasks and projects depending on your interests and strengths

#### Required Profile:

- Strong interest in technology, digital products, and business processes
- Analytical mindset and structured way of working
- First exposure to business, IT, engineering, or related fields is a plus (no prior SAP knowledge required)
- High motivation to learn, curiosity, and a hands-on attitude
- Very good English skills; German is a plus

#### Our offer:

- A structured and mentored Gap Year internship in a growing tech company
- Hands-on experience at the intersection of business, technology, and enterprise software
- Insights into real-world product development and SAP ecosystems
- Flat hierarchies, open culture, and close collaboration with experienced professionals
- Competitive compensation

### **Application Details:**
