

TURNING TALENT INTO IMPACT.

ABOUT US

At Mannheim, we believe that our students have the talent to make an impact on business and society by becoming successful leaders and responsible citizens of a globalized world.

The university's roots go back to the 18th century but its predecessor was founded in 1907 as a *Handelshochschule* (College of Commerce). In 1967, we were awarded university status following the addition of several related fields of study, such as modern languages, history, political science, sociology, communications, psychology and law. Today, our campus provides students with a modern learning environment in front of a historic backdrop.

The spirit of game-changers is in Mannheim's DNA and ever-present on campus and in the city, making it the perfect setting for a modern university working closely with the corporate world.

FACTS & FIGURES

Global Opportunities

Our school maintains ties to more than 200 business schools worldwide. From the very beginning, providing global opportunities for students has been at the heart of our international work. Throughout every academic year, more than 600 Mannheim students go on exchange and in reverse, our partner schools send the same number of visiting exchange students to us. We also offer double degrees as well as special certificate programs, and we participate in case competitions and take students on study trips abroad.

DID YOU KNOW?

Our university is housed in one of Europe's largest baroque palaces. The palace construction started in 1720 and it took 40 years until it was completed. Today, our students study where royalty once danced and Mozart himself played the piano.

Over
50 student organizations

We are the only German public research university with international semester dates.

It only takes **30 min** by train from Mannheim to Frankfurt International Airport.

Both flagship business programs, the BBA and the MMM, are mainly taught in English.

On-campus
career events & fairs
for students

Both the **bicycle** (1817) and the **car** (1885) were invented in Mannheim.

The campus is within walking distance of the city center and the train station.

The university provides various modern workspaces.

Many different
sports activities

Student life in Mannheim is characterized by many **cafes and bars** throughout the city.

We offer Summer School & Short Programs for our partners. Our motto: Campus, Companies & Culture. We create individual short programs which include site visits to companies, cultural experiences and, of course, our latest research and teaching in the visiting school's preferred fields of business & management science.

Two major German rivers – the **Rhein** and the **Neckar** meet in Mannheim providing room for river bank cafés and water sports.

Famous
