Job offer:

Student Research Assistant [with Bachelor’s degree (geprüft)/ without Bachelor’s degree (ungeprüft)] (m/f)  
at the Chair of International Finance

We are looking for a Bachelor/Master student (m/f) with a focus on assisting the chair’s team in data collection projects (20 – 40 hours per month). We intend the new student assistant to start between November 2018 and January 2019 (depending on your availability).

Exemplary tasks of the assistant would be:

- Assistance in the collection and processing of data as well as preparation for statistical analyses
- Data management and verification
- Operational support of the chair, e.g. content management on the chair’s websites
- Optional: Online data collection using web crawlers, scrapers or APIs

Requirements/Skills:

- Fluent English skills
- Ability to precisely execute tasks
- Optional: Experience in programming (e.g. Python) would be beneficial but is not required
- Any experience/knowledge in empirical research or data science would be beneficial

Did we spark your interest?

Please send your application with the usual documents (letter of application, CV, overview of previous academic achievements, etc.) via email as soon as possible to Fabian Gamm (gamm@bwl.uni-mannheim.de).

Data protection:
Please note that a breach of confidentiality and the unauthorized access by third parties cannot be excluded when transmitting an unencrypted email. Note on data protection: The submitted documents will be returned only if an envelope with sufficient postage is included. Otherwise they will be destroyed after the application process according to the requirements of the data protection law. Electronic applications will be deleted accordingly.
