We are hiring!

Internship Oncology Marketing

6 months fulltime, Start September 2019

A career at our company is an ongoing journey of discovery: our around 52,000 people are shaping how the world lives, works and plays through next generation advancements in healthcare, life science and performance materials. For more than 350 years and across the world we have passionately pursued our curiosity to find novel and vibrant ways of enhancing the lives of others.

Your role:

The Marketing Team within the Business Unit Oncology is responsible for the development and implementation of the national product strategy in home market and thereby driving the success of our highly-innovative prescription medicine portfolio. You will support the product managers in executing in-market tactics of established as well as newly launched products. As Intern Oncology Marketing you will be a full member of our dynamic team and thus play a vital role in our day-to-day business. You will be assigned to specific projects, assume responsibility for your own work packages and support the team in their varying daily tasks, all the while being mentored by a designated team member.

The position offers you the unique opportunity to contribute to shaping the growth of companies oncology franchise via a wide range of topics and enables you to acquire fundamental pharmaceutical marketing skills for breakthrough products.

Who you are:

- You have a background in Business Administration, Medicine or the Natural Sciences
- You are at least in your 3rd year of Bachelor studies (m/f) or enrolled in master’s degree
- You are a fast learner with organizational talent and excellent analytical skills
- You understand complex clinical studies and can extract relevant information quickly
- You can work independently, solve problems creatively and “think out of the box”
- You have excellent MS Office skills (especially Excel and PowerPoint)
- You possess very good English skills (written & spoken), German is a must
- Experiences in pharmaceutical industry are desirable, experiences in oncology is considered a plus
- You are enrolled as a student during the complete period of the internship

What we offer: With us, there are always opportunities to break new ground. We empower you to fulfil your ambitions, and our diverse businesses offer various career moves to seek new horizons. We trust you with responsibility early on and support you to draw your own career map that is responsive to your aspirations and priorities in life. Join us and bring your curiosity to life!
