2 What you need to know for the intro week

It is necessary to **register online** for every event that you want to participate at – the link will be open until Thursday, 2nd of September

3G

3G – every event will only be open for participants that have proof of double vaccination, recovery, or a valid up-to-date negative COVID-test

For every event it is mandatory to wear a **FFP2** mask (surgical or other masks are not sufficient)

Check the Facebook group and Instagram channel for official communication – sudden changes might occur due to COVID regulations

Crossovers with first introduction lectures – set your priorities and don't worry ;)

Don't forget to check your **university mail address!**

That's where you will get the code that will allow you to order your **hoodie for free** during the **last weeks of September!**

News

**Update of 16 August 2021**

From 16 August onwards, you need a negative Covid-19 test performed by an official test provider on the day of your visit, proof of convalescence or proof of full vaccination against the coronavirus to access the subject libraries and the Central Lending Library. For the return of media, the presentation of a test certificate is not required.

The screenshot shows the PORTAL² interface for the Degree Planner. At the top, there is a search menu and navigation links for Home, My Studies, Studying, and Organisation. The current path is: you are here: Home > My Studies > Degree Planner. The main heading is "Degree Planner Master Mannheim Master in Management deutsche-englische Stud. (2017)". Below this, there are buttons for "Show Module plan" and "Printview". A dropdown menu for "Events" is set to "fall semester 2021". A search bar for the course catalog is also present.

The "Structure of examination regulations - All subject related semesters" section is expanded, showing a tree view of the program structure:

4 Studying in times of COVID-19

- All **courses will be available for you online** – so do not worry if you cannot make it to Mannheim
- Some courses will have **hybrid solutions**: offline & online
- In order to participate at offline/ in-person lectures you need the **classroom pass ("Hörsaalpass")** which got newly introduced this semester
-> Check your University e-mail

5 What to consider when you plan your studies

- You **don't have to plan everything** out beforehand
- Course offers and course content **may change** in future semesters
- You have to **attend all core courses** before finishing your studies (some are not available every semester)
- In order to begin your **Master's Thesis**, you have to finish your **seminar thesis**, usually written at the same chair
- In total you have to attend **courses worth 120 ECTS** – normally, every exam you write counts towards these ECTS
- You can attend courses (without capacity restrictions) and **drop the class until you officially sign up** for the exam

What to expect?

- Breakout rooms for every area + minor
- Older semesters that have experience in the respective area
- Choose and change breakout rooms individually
- Call us for help if needed! ;)
