

Supply Chain Capability Development Intern (m/f)

We are the world's leading chemical company because we offer intelligent solutions for our customers and for a sustainable future. We connect and develop people with diverse talents all over the world. For you, this means a variety of ways to advance. Not only your performance but also your personality matter to us, without regard to gender, age, origin, sexual orientation, disability or belief. At BASF, careers develop from opportunities.

Ludwigshafen is the world's largest integrated chemical complex and home to BASF Group headquarters. Located in the heart of Europe's Rhine-Neckar metropolitan region, you will find this to be an attractive place for both work and leisure time.

What you can expect

We are looking for a candidate to join our Supply Chain Capability Development unit and provide active support for projects in the areas of employee development and Training for Supply Chain.

- o You will independently prepare communication concepts and materials.
- o In a global environment, you will provide support during the implementation of virtual learning content, for example for Web-based training.
- o You will assist the team in developing a platform to make learning and training content accessible to employees.
- o In addition, you will identify and pilot innovative learning and training methods.

What we expect

- o You are currently enrolled in a degree program in business administration, ideally with a focus on the supply chain, or in communications studies and have a good academic record.
- o During your studies, you have been able to acquire initial skills and knowledge in the areas of project management, content management and change management.
- o Ideally, you have already gained experience in personnel development and continuing education through internships. You are also a proficient user of the MS Office products.
- o Thanks to your excellent English language skills you can communicate with others within our global unit and with our internal and external partners.
- o You enjoy working as part of a team, are well organized and drive innovations forward.
