

Working Student - Logistics Visibility (m/f/d)

We are the world's leading chemical company because we offer intelligent solutions for our customers and for a sustainable future. We connect and develop people with diverse talents all over the world. For you, this means a variety of ways to advance. Not only your performance but also your personality matter to us, without regard to gender, age, origin, sexual orientation, disability or belief. At BASF, careers develop from opportunities.

Ludwigshafen is the world's largest integrated chemical complex and home to BASF Group headquarters. Located in the heart of Europe's Rhine-Neckar metropolitan region, you will find this to be an attractive place for both work and play.

What you can expect

As a working student in our team, you will support us to globally create and enhance logistics visibility across transport modes in one single platform.

- o Thanks to your project management experience, you can assist in project meeting preparation, documentation and follow-up activities.
- o You will prepare communication activities for BASFs internal and external key stakeholders.
- o The alignment of initiatives between the global program team members and the maintenance of file archives will also be one of your tasks.
- o You will also support in data management activities, outlier identification and market research activities.

What we expect

- o You are studying Business Economics, (Business) Informatics or Logistics or a comparable course.
- o You have amassed knowledge in supply chain and project management methods.
- o You are familiar with data analysis, MS Excel and MS PowerPoint and ideally complete that with first experience in SQL, Tableau or other statistical analysis tools.
- o You can demonstrate your communication and presentation skills in English and German.
- o On a personal level, you are well structured, creative and enjoy learning new things.
