

**Module: Internal Doctoral Seminar****Contents:**

The goal of the internal doctoral seminar is the discussion and development of on-going research projects conducted at the Chair. Doctoral students and post-docs present the current status of a project to solicit feedback on faced challenges and potential solutions. The seminar closes with the concrete establishment of next steps.

**Learning outcomes:**

The research projects are prepared for external presentation (conferences, seminars).

**Prerequisites:**

**Formal:** Doctoral students and post-docs at the Chair of Organization and Innovation.

**Recommended:** Deep understanding of the specific research project presented.

**Obligatory registration:** No

**Further Information on registration:**

-

<b>Courses</b>	<b>Hours per week</b>	<b>Self-study</b>
Research Seminar	-	2 SWS

ECTS in total 0

**Form of assessment** Verbal presentation

**Preliminary course work**

-

**Lecturer/Person in charge**

Prof. Dr. Karin Hoisl

**Duration of module**

1 semester

**Offering**

Spring semester / Fall semester

**Language**

English

**Program-specific educational goals**

LG 1; LG 3

**Grade**

not graded

**Range of application**

Doctoral course
