

MKT 730

Research Seminar (Chair of Marketing & Innovation)

As a primary source of information, please consider the centralized, area-wide MKT 7x0 syllabus. The centralized syllabus provides all of the information that applies across the four chairs in the Area Marketing & Sales. The information below is relevant for you once you have been assigned to the chair of Marketing & Innovation, as it provides the chair-specific details.

Course Objectives

Course Registration & Organization

See centralized syllabus

Course Requirements

Meetings & Workshops

- Students admitted to the seminar will take part in a kick-off meeting. In this session, we brief students about the course and academic work in general and we assign the topics. Students are advised to familiarize themselves with the chair's guidelines for written assignments prior to the first session so that remaining questions can be addressed during this initial meeting.
- Subsequent to this kick-off meeting, we will introduce students to literature research techniques during a workshop.
- After submitting the seminar paper, we will offer a workshop on how to deliver an academic presentation.

General Information

Lecturer	Prof. Dr. Sabine Kuester & Dr. Elisa Konya-Baumbach

MKT 730

Research Seminar (Chair of Marketing & Innovation)

Course Requirements

Seminar Paper

- Each student will prepare a seminar paper (15-20 pages) as an individual assignment on a chosen topic. Detailed information with regard to the topics offered in the fall term is published on the homepages of the chair. We expect that students comply with the chairs' [guidelines for written assignments](#).
- One hard copy (spiral binding) of the seminar paper is to be submitted to our office (Sekretariat, L5,1 Room 0.11) during office hours (9:00 am - 12 pm and 1:00 pm - 4:00 pm). A digital version in doc(x) format and pdf format of the seminar paper is to be submitted by email (kuestsubmit@bwl.uni-mannheim.de)
- The seminar paper will account for 70% of the overall grade.
- We will check all seminar papers for evidence of plagiarism using the software "turnitin".

In-Class Presentation

- Students will present the results of their research in class. The chair schedules a short PowerPoint presentation of 15 minutes per student, which will be followed by a question and answer session of approximately 10 minutes per student.
- Finalized slide material in PowerPoint format must be sent by email to [Alexander Rupertus](#).
- Students are not expected to bring own print-outs for the case of a presentation if planned as a physical meeting.
- The presentation will account for 30% of your grade.

Class Participation

If students are unable to attend a session, they must inform the course administrator of their absence beforehand. We expect all students to actively participate in the question and answers sessions.
