

## Job Advertisement: Student Assistant

The **Chair of Corporate Finance** (Prof. Ernst Maug, Ph.D.) of the University of Mannheim is looking for **one** student assistant starting in **June 2022 or later**. Professor Maug is one of the most internationally renowned business professors from Germany while at the same time offering relevant, practical teaching.

We offer a broad set of tasks and responsibilities, which can be divided up among the student assistants according to interest and skills. These tasks range from literature and data collection, over editorial assistance in the publishing process of a working paper series, to finding and solving hardware and software problems of members of the chair.

### You offer...

- ... very good communication skills.
- ... the ability to work reliably and independently.
- ... good English language skills.
- ... good knowledge of Microsoft Office programs (word and excel).

We are also looking for someone with programming skills or experience with statistical packages (e.g., Stata, R, Python, web scraping) and/or with German language skills, but these are not necessary to apply.

### We offer...

- ... flexible working hours and remote working.
- ... working in an international team.
- ... compensation as a student assistant (32 hours).
- ... interesting tasks closely related to the research activities of the chair.
- ... the possibility to extend the contract for up to two years.

If you have any questions, please contact **Mattia Colombo**. Please send your complete application as a pdf-file to [colombo@uni-mannheim.de](mailto:colombo@uni-mannheim.de) **as soon as possible** (no pictures please). We will review your applications on a rolling basis.
