What did you especially like about the course?

thank you for the great + understandable lessons!

Good instructors

The spanish guy

applied examples in the lecture

I particularly liked the teaching method of the main professor, but I found the regular change of lecturers a little bit distracting.

the way the professor explains quite [illegible] my interest

Professor Maug taught in an appropriate manner with clear explanations.

What should/could be improved?

Raum lüften

It would be great if the professor could use a microphone!

More exercise sessions would be great!

Improve the health of Mr. Maug

lectures are too theoretical
→ it's not possible to answer the exercise sheets with information given in the lecture
→ focus more on calculations in lecture, not best the formulas

To my mind more foundation on theories could be useful before getting to the practical examples. In addition, it is important to emphasize on the key concepts as finance is not just computations.

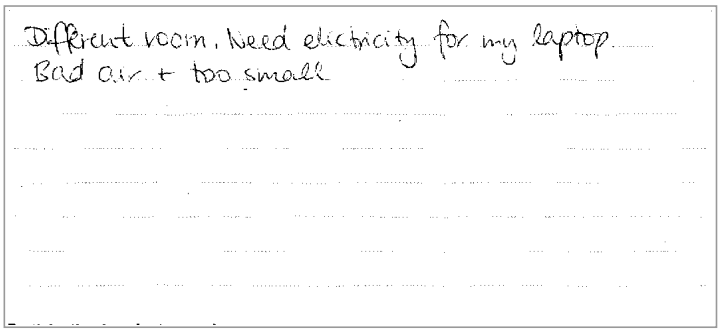
Please provide more exercises to us. (optional/extra)

~~Improve the~~
It would be better if he use microphone

Weniger Graphiken!!!

Would appreciate if we are given a notice in advanced should there be a substitute lecturer.
Also, the speed of exercise is too fast.

Please ~~to~~ use microphone.
The content of the ~~ex~~ exercise & lecture are ~~to~~ too much related.



Different room. Need electricity for my laptop
Bad air + too small
