

Job offer:

2x male, 1x female

Research Assistants for Fixed-term Research Project at the Chair of Corporate Governance

We are looking for **research assistants** to support a one-time Research Project at the **Chair of Corporate Governance** for **32 hours (total working time)**. Due to the research approach we are currently looking for 2 male and 1 female student.

Your task is to classify financial advertisements across different categories (for example, how many people are displayed in an ad, are they female or male, etc.) and input your results in an Excel spreadsheet. The research assignment involves a total of 32 hours of work. You will receive an online training on the requested research task together with a manual of detailed instructions.

What you can expect:

- Completely flexible working time
- Interesting project task, independent work environment
- Compensation of a 396 EUR lump sum payment

What we expect:

- Ability to work independently and willingness to learn
- High level of motivation and reliability
- Good command of English
- Sound knowledge of Excel

The designated **work contract is a freelancer** (Self-employed contract for work and services). As you will not get employed at the University of Mannheim, you will be not subject to wage tax deduction as a freelancer. You are free to organize your activities and working hours. Please note: You must not already be an employee of the University of Mannheim (this also includes research assistant and tutor activities) at the same time as the project phase. **Exchange students must check their residence and work permit for freelance work / self-employment** if required. **Non-EU students must hand in their work permit for self-employment with their application, otherwise your application can not be considered.**
