

# 1BLives & Chair of Sustainable Business

**SAP 1BLives** – SAP One Billion Lives (1BL) is SAP's flagship social intrapreneurship initiative giving employees the permission, time, technology and mentorship to turn their passion for making a difference into sustainable, income generating ventures like "GreenSAP", working within the Amazon rainforest to teach communities there how to thrive economically through reforestation and resource management. With a social mission at the core of their business, they aspire to improve the lives of one billion people.

**Would you like to be a part of this as a student?** We offer limited space to participate in a 1-week „Idea Factory“ event series in which SAP employees generate ideas and build teams. If you find a team in which you would like to participate further, you could be selected for a **follow-up internship**, in which you support one of the teams during their idea development process.

Choose one of the following two Idea Factory Event Series:

	Series 1 (in English)	Series 2 (in German)
Kick-Off	22.03.2021, 10:00 - 11:15	06.04.2021, 09:00 - 10:15
