

The **Chair of Data Science in the Economic and Social Sciences** is offering a part-time position as

## Student Assistant in Server Administration (all genders)

starting as soon as possible.

### Your tasks include:

- **The administration of our computing servers** with state-of-the-art GPUs
- Support for members of the chair and students in running, e.g., **large language models (LLMs)** and **graph neural networks**

### Your profile:

- Experience with Linux/MacOS command line tools
- Ideally, initial experience in IT administration (Ubuntu, SLURM)
- Optionally, programming/software engineering skills

### What we offer:

Flexible work time and workplace models (flexitime, telework)

Extensive range of further training opportunities

Innovative academic working environment

Applications from persons with a disability are given preferential consideration provided that they are appropriately qualified. The University of Mannheim is committed to increasing the quota of women in areas where they are underrepresented and thus encourages women with appropriate qualifications to apply.

If you are interested in applying, please send your application documents via e-mail **by 15 May 2026 at the latest**:

[maximilian.kreutner@uni-mannheim.de](mailto:maximilian.kreutner@uni-mannheim.de)

The **University of Mannheim** is one of the leading universities in Germany with approximately 12,000 students in five schools. Particularly in business and economics as well as in the social sciences the university ranks among the top institutions both at national and international level. More than 2,600 employees profit from an exciting work environment with numerous benefits.

We, the **Chair of Data Science in the Economic and Social Sciences**, are conducting research in the field of Machine Learning and Data-Science methods and their applications to large datasets. We are a team of computational scientists working on a data-driven understanding of socio-economic systems from an interdisciplinary perspective.
